

Cabell's Directory of Publishing Opportunities

Psychology & Psychiatry

Cabell's directories are a good resource for professors, graduate students, and other researchers looking to publish manuscripts. These directories provide contact information, publication guidelines, and review information for a large number of professional journals including those in psychology and psychiatry. Print versions of Cabell's directories are also available in Ablah Library in the reference section. (Call Number: BF30 .C25).

- Psychology & Psychiatry (access until June 12, 2009)

Please select the directory you wish to use then click the button below

Select the directory or directories you would like to search. WSU has several directories available at this time.

Psychology & Psychiatry

You can leave criteria fields blank to list every journal in the directory.
Or you can narrow down the results by specifying one or more criteria filters.

Specific topic:

Journal name contains:

Min acceptance rate: Max:

Type of review:

Number of external reviewers:

Partial words will return results with the letters anywhere in the title of a journal.

Results display allows you to browse journal titles for important information such as type of review, number of external reviewers, and acceptance rate. Links to journal websites may also be available.
