Enter any distinct words associated with the item such as the composer's last name, a distinct word from the title, or a work number for the piece. If you are uncertain about the spelling or the language of the title, enter the smallest, most distinctive known fragment of the word and add the wildcard "?" to fill in for the remainder. For example:

Click on any of the underlined links to examine the record(s) further. Although the brief view appears by default, when looking at a record for confirmation of contents, be sure to examine the “Long View.”

Brief View

WSU owns volume 2, but which concertos are found in this volume?

Long View

The “Contents” area specifies which concertos are found in volume 2. Notes may be particularly useful in defining the edition.
